MAKING A WORLD OF DIFFERENCE

WS&S Global Medical Solutions was founded in 1996 by three disabled American Veterans under the name Wheelchair Sales &

Service, Inc. As users of urological supplies, our philosophy was simple, to make it extremely easy and affordable for patients to get their urological supplies, while helping them stay compliant with their doctors' orders and lead active and healthy lives.

Now over a decade later and accredited, WS&S Global Medical Solutions still operates under the same philosophy, but with a broader home medical supply focus and new name that reflects our comprehensive range of services.

WS&S Global Medical Solutions a nationwide direct-to-home fully accredited provider of urological, ostomy and wound care supplies, name brand medical supplies for Medicare, Medicaid and private insurance patients.

WS&S Global provides discrete direct-to-home delivery of urological supplies, ostomy supplies and wound care supplies for Medicare, Medicaid and private insurance patients.

WS&S Global patients receive convenient home delivery of urological, ostomy, wound care, home & bath aids, plus a complete line of DME name brand products.

WS&S Global is a participating Medicare and Medicaid provider and accepts Medicare and most Medicaid assignment as well as private and most major medical insurances. We will contact you so that you never run out of supplies. A call to WS&S Global starts getting quality supplies delivered to your door with no shipping charges!

There are no up-front out-of-pocket costs to our patients because we wait for reimbursement.

Our knowledgeable handicapped staff helps patients understand Medicare and insurance requirements to ensure that they receive their full benefit. WS&S Global also processes all paperwork directly with Medicare and other insurance companies on our patients' behalf.

WS&S Global's uncompromising commitment to quality, compliance and superior patient care has earned us a solid reputation among patients, healthcare professionals as well as the industry's leading manufacturers such as Cure, Hollister, Bard, MMG, Convatec, Coloplast, Mentor and Rochester. When it comes to quality patient care, WS&S Global empowers people to live healthier lives.
