## Rehab Equipment

## Part of the Solution....

WS&S Global Medical Solutions is a company founded by permanently disabled owners, seeking to make available innovative durable medical equipment products designed to meet the needs of the Stroke, Multiple Sclerosis (M/S), Spina Bifida, Muscular Dystrophy, Accident, Cerebral Palsy, ALS and Spinal Injury patients.

**WS&S Global Medical Solutions** provides a variety of state-of-the-art home medical equipment for our patients who have been hospitalized and are preparing to go home, as well as others with special medical needs.

Something as small as a wrist brace or as large as a hospital bed can be found. We serve all ages and work with many health issues.

For those in assisted living or needing help at home, we have bath and shower stools and chairs, walkers and canes. We also have accessories for walkers, such as baskets and pouches for carrying things.

Some of our equipment is available for rental rather than purchase because the need may be short term. Hospital beds and wheelchairs are available under this arrangement pending insurance approval.

## DME and Aids for Daily Living

WS&S Global Medical Solutions is a provider of quality Durable Medical Equipment as well as Aids for Daily Living. Our product lines meet the high standards that help the physically challenged achieve greater comfort, mobility, and a better quality of life.

## Custom Seating

With the help and counsel of doctors, nurses and therapists, a WS&S Global Medical Solutions technician will work directly with you to come up with the best possible products custom made for the people that will use them.

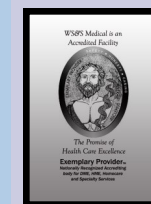

## Working Together

We pride ourselves in our ability to correctly seat the young and the old, the large and the small, and all those with special needs.

WS&S Global Medical Solutions is a participating Medicare and Medicaid provider and accepts Medicare and most Medicaid assignment as well as private and most major medical insurances. Our knowledgeable staff helps patients understand Medicare and insurance requirements to ensure that they receive their full benefit. WS&S Global Medical Solutions also processes all paperwork directly with Medicare and other insurance companies on our patients' behalf.

Our uncompromising commitment to quality, compliance and superior patient care has earned us a solid reputation among patients, healthcare professionals and the industry's leading manufacturers.

WS&S Global Medical Solutions is a fully accredited provider of DME and ADL equipment and supplies.
